

North East Wales Wildlife Limited (NEWW)

Membership Policy

Policy applies to: NEWW Members

Date of Approval : August 2011

Proposed Date of Review : 31 March 2012

The Trustees may admit to membership any persons or organizations in agreement with the Objects of the Charity paying any subscription as may be laid down from time to time by the Trustees.

Application to join the Organization shall be submitted to the Trustees for approval or otherwise.

Membership shall lapse three months after the non-payment of a due membership fee.

The Committee may confer honorary membership to suitable persons. This will not require a membership fee and will not confer voting rights.

Membership may be rescinded or declined by the Trustees if they deem that any member has brought discredit upon the Organization as a result of activities or public statements including public criticism of the Organization, its staff or members. The member, or representative of a member organization, shall be permitted to attend such a Committee meeting accompanied by a friend.

Members who have criticisms of the Organization, its policies, its staff or other members, should draw this to the attention, in the first instance, to the person concerned, then to the Committee. If the Committee or Trustees are unable to resolve the matter it may be brought to the attention of a General Meeting.

Membership matters shall be decided by simple majority of Trustees, or if at a General Meeting, of those present and entitled to vote.
